### Giant Stack Containers

Multipurpose, wide open hopper front provides easy access for large part storage. Ideal for multiple applications in recycling, storing parts and components. This bin will stack up to 6 bins high creating a sturdy, tall storage system. Bins are injection molded from high density polypropylene, easy to clean, resist corrosion and are impervious to most chemicals. Large label holder allows for quick identification. Optional clear window front increases storage capacity and allows for quick identification of parts. Six 1/4" drill hole pattern on bottom of bin allow for easy hole insertion for drainage and air circulation. See **pg. 25** to order Clear Bins.
